WHAT
NURSING
IS REALLY
ABOUT

BE A NURSE

You can make a difference in someone's life. As a nurse, you will play a key role in patient care, and be an integral part of a healthcare team that includes doctors and allied health professionals.

RECEIVING CARE IN RETURN

Nurses form the backbone of the public healthcare system. To attract the best talent, develop and retain nurses, more are being done to support nurses in four areas: **C**areer development, **A**utonomy, **R**ecognition, and **E**ducation. With CARE, you will have opportunities to develop your career further.

C A R E

Better Career development, with more opportunities for progression

Lead a team with Autonomy to make decisions

Recognition from supervisors and patients; higher salaries, special bonuses and awards

Scholarships to help you further your Education

A FULFILLING AND EXCITING CAREER AWAITS

Nursing is a highly-skilled and well-rounded profession with diverse responsibilities. As a nurse, you get to work in different healthcare settings. These include general hospitals, polyclinics and specialty centres. You may also work in community hospitals, nursing homes or day care centres. You can even deliver nursing care to patients in the comfort of their homes. You will:

- ▶ Manage patients' care
- ▶ Educate patients and their families
- ▶ Assess patients' physical and mental wellness
- ▶ Perform clinical procedures
- ▶ Guide junior staff in providing patient care

MANY PATHS ONE CAREER

It starts with a great education. For O or A level holders, your nursing career begins with a diploma or degree. Upon graduation, you will become a Registered Nurse. You will start your career as a Staff Nurse and advance through one of the following tracks:

MANAGEMENT

Lead a team of nurses and oversee ward operations

CLINICAL

Provide direct care to patients

EDUCATION

Equip fellow nurses with higher nursing skills

For N level holders, you will pursue a *Nitec* in Nursing and start off as an Enrolled Nurse. You can upgrade your skills to become a Registered Nurse.

Monthly gross starting salary (median)*

Enrolled Nurse: **\$1,800**

Registered Nurse:
\$2,500 (with diploma)
\$3,500 (with degree)

FOR PARENTS

Why nursing?

Nursing is a meaningful and rewarding profession where your child can make an impact. Nurses play a key role in helping patients recover and return home to their loved ones.

Opportunities to get ahead

There are ample opportunities for your child to succeed. The Ministry of Health's CARE package gives nurses multiple avenues to progress. In addition to recognising their contributions, nurses are also empowered with knowledge and leadership skills to improve themselves. Besides professional development, your child will also grow to become a more compassionate and resilient individual. Nursing is a skill for life. As a nurse, your child will be able to care for your family and the community.

UNTUK IBU BAPA

Mengapa pilih kejururawatan?

Kerjaya dalam kejururawatan amat bermakna dan membolehkan anak anda meninggalkan kesan kepada pesakit di bawah jagaannya. Jururawat memainkan peranan utama dalam membantu memulihkan para pesakit agar dapat kembali ke pangkuan keluarga tersayang.

Peluang untuk kemajuan diri

Terdapat banyak peluang untuk anak anda berjaya dalam kerjaya ini. Pakej CARE Kementerian Kesihatan menawarkan pelbagai laluan untuk memajukan diri. Selain daripada pengiktirafan bagi sumbangan mereka, para jururawat juga akan dibekalkan dengan pengetahuan dan kemahiran kepimpinan untuk meningkatkan diri. Anak anda akan dapat menjalani pembangunan profesional, menjadi seorang yang lebih bersifat ihsan dan bersemangat teguh. Kejururawatan adalah satu kemahiran sepanjang hayat. Sebagai seorang jururawat, anak anda dapat menjaga keluarga sekaligus masyarakat.

致家长

护理的价值

称为“白衣天使”，护理是个富有成就感的工作。护士在医疗护理领域中扮演着重要的角色，他们抱着无私的爱心与责任心，全力照顾病人，协助他们恢复健康，早日回到家人身边。

护理专业前景美好

护理专业能为您的孩子打开许多成功之门。卫生部的职业晋升发展、自主权、肯定与培训教育机会 (CARE) 配套为护士们提供多项发展途径。护士们从中可获得专业知识、领导技能和职业认可，使他们能够不断地提高自身水平。照料病人可培养孩子坚韧的品格及体谅他人的美德。护理是一门有价值的生活技能。作为一名护士，您的孩子不仅能够为家人提供护理，也能贡献社会。
